EUROPEAN  
COMMISSION

HORIZON 2020

**Step 1 - Find a suitable Call for Proposals****H2020 ONLINE MANUAL**

The Commission publishes on the Participant Portal all the Calls of its research and innovation programmes [H2020](#), and you can search calls from previous programmes ([FP7](#) and [CIP](#)). In addition you can find information about some additional calls in the [Other Funding Opportunities](#) section. If you apply for the first time and do not know yet the programmes, it is useful to read the H2020 Online Manual. It helps you choose the most suitable programme for your area and profile. Besides, you can [search according to your research topic](#) with key words and set filters in the calls list.

Your [National Contact Point](#) can also help you find the most suitable call for your profile. SMEs are in addition supported by the [Enterprise Europe Network](#).

**Step 2 - Find project partners or apply as an individual****H2020 ONLINE MANUAL**

**Collaborative projects:** most of the EU funded projects are collaborative projects with **at least 3 organisations** from different EU Member States or Associated countries. Various [partner search services](#) help you to find organisations that would like to participate in the proposals. You can also post your collaboration offers there.

**Individual researcher or team:** It is also possible to submit your proposal as an individual researcher, team or organisation. Such opportunities are mainly funded under the H2020 **European Research Council (ERC)** grants and the **Marie Skłodowska-Curie actions (MSCA)**, and individual SMEs can apply to the **H2020 SME instrument**.

**Step 3 - Create an account on the portal****H2020 ONLINE MANUAL**

To fill in the required forms and submit them electronically to the Commission, you first need to create an account on the Participant Portal clicking on **REGISTER** on the top menu.

#### Step 4 - Register your organisation

[H2020 ONLINE MANUAL](#)

The Commission has an **online register of the organisations** participating in the EU research and innovation or education, audiovisual and cultural programmes. This allows consistent handling of the organisations' official data and avoids multiple requests for the same information.

If you want to participate in a project proposal, your organisation needs to be **registered** and have a 9-digit **Participant Identification Code (PIC)** that is the unique identifier of your organisation and will be used as a reference by the Commission in any interactions.

Check first on the [Organisation Register page](#) if your organisation is already registered. Only if you do not find your organisation there, you should start its registration by clicking on the Register Organisation button.

#### Step 5 - Submit your project proposal to the Commission

[H2020 ONLINE MANUAL](#)

To submit your project proposal, you need to go to the section Electronic Proposal Submission on a specific Topic page that belongs to a call. You need to be logged in with your Participant Portal account to start filling in standard forms and submit your proposal to the Commission.
